WSP USA INSPECTION SERVICES DISASTER AWARENESS REPORT

February 19, 2026

## Wildfire Activity

### The Plains

- Dry conditions and gusty winds continue to fuel massive wildfires across the Plains after a powerful windstorm sparked an outbreak on Tuesday.
- The fast-moving fires have forced evacuations in the Oklahoma and Texas Panhandles, and Kansas.
- In Beaver County, Oklahoma, the Ranger Road Megafire has already scorched more than 283,000 acres and could continue to grow rapidly beyond the acres it has already consumed.
- Fire Weather Warnings are in effect for nearly 12 million people across much of New Mexico, far Southwest Texas and from southeast Colorado/southwest Kansas, across the Texas and Oklahoma Panhandles, much of Oklahoma into northwest Arkansas, and large portions of Missouri.
- Dangerous fire weather conditions persisted Wednesday as a strengthening low-pressure system over Colorado generated strong, gusty winds across the Plains.
- Oklahoma Governor Kevin Stitt declared a State of Emergency across Beaver, Texas, and Woodward counties, which are being threatened by the Ranger Road fire.
- Three other wildfires started Tuesday in the Oklahoma Panhandle — the Stevens Fire has grown to about 12,400 acres, the Side Road Fire to nearly 3,700 acres, and the 43 Fire to about 1,680 acres.
- In the Texas Panhandle, the Lavender Fire has burned about 12,000 acres and is roughly 20 % contained, while the 8 Ball Fire has burned about 9,000 acres and is roughly 40 % contained.
