We Remember. This is a day of remembrance for those that lost their lives and for all those who gave their lives. On this day, 19 years ago, 19 militants associated with the Islamic extremist group al Qaeda hijacked four airplanes and carried out suicide attacks against targets in the United States. Two of the planes were flown into the twin towers of the World Trade Center in New York City, a third plane hit the Pentagon just outside Washington, D.C., and the fourth plane crashed in a field in Shanksville, Pennsylvania. Almost 3,000 people were killed during the 9/11 terrorist attacks. In response to the 9/11 World Trade Center disaster, WSP USA Inspection Services was the only Housing Inspection Services contractor selected by FEMA to provide housing inspection services.
